Sir,

COMMUNITY PROJECTS--South Kanara--Karkal Town--Improvement to Live Dorri Industry--Certain Aid--Sanction--Request.

Ref: From the Asst.Project Officer,Karkal letter No.444/54 dated 7--9--1954.

P3

P3

I enclose herewith a copy of Karkal Asst.Project Officer's report cited in which he has strongly recommended the proposals initiated by the Senior Inspector of Cooperative Societies,Karkal for improving the condition of Live Dorri workers of Karkal Town. The Live Dorri is a small scale cottage industry of the locality in which a section of poor workers are engaged. It is possible to improve the industry as well as the living condition of the workers engaged in it if some aid is granted to the workers by the Community Project. The Asst.Project Officer has recommended that a sum of Rs.200/- may be granted to the workers as a subsidy from the Community Project for the purchase of certain equipments referred to in his report enclosed. From a personal discussion with the Asst.Project Officer, Karkal in the matter, I understand that the workers engaged in this industry are all very poor who really deserve some help from the Community Project. I consider that if a nominal aid is given to the workers by the Community Project, it will not only enable them to improve their conditions but also help improving the industry in the locality.

The report of the Senior Inspector of Cooperative Societies (copy enclosed) shows that the workers are too poor to form a cooperative society of their own. They have however formed an association with a reliable gentleman as its President on whose responsibility it is quite possible to utilise the aid in the most useful manner.

I, therefore, request that a sum of Rs. (200/-) two hundred only may kindly be sanctioned for the above purpose at an early date.

Regarding the financial provisions, I submit that I shall make necessary provisions in the revised estimate which will be submitted to Government soon.

Yours faithfully,

PROJECT EXECUTIVE OFFICER.

COTTAGE INDUSTRIES--Karkal Town--Handicraft--in Live Dorris--Development of--Help.

--

I am herewith enclosing a copy of the report from the Senior Inspector of Cooperative Societies (C.P.) Karkal regarding certain help to be given for the workers of Live Dorris, a cottage industry of this place.

The workers engaged in this industry are all quite poor and they deserve some help from the Community Project. At present, they are purchasing yarn daily in small bits and sell the finished products daily for whatever prices they get from local dealer just to provide for their daily living.

I recommend that the following items of help may be given to these workers as an impetus to improve the industry and to improve the living condition of these workers. If this nominal help is given to them once they can pull on their living in a better way.

1. Towards purchase of 2 Live Dorris twisting machines.	Rs. 80/-
2. Towards purchase of 2 charakas.	Rs. 30/-
3. Towards purchase of yarn bundles required for one worker's work (at the rate of Rs.15/-) per bundle	Rs. 90/-
	Rs.200/-

A total sum of Rs.200/- will be sufficient to help this industry to get itself revived and developed. This help can be given in the name of their Association and the President may be xx asked to utilize the same in the above lines.

If this help cannot be granted from the Community Project funds, I request that the Handicrafts Board of Government of India may be addressed to do the same. The Board has got good funds to help the cottage industries of this type.

PROJECT EXECUTIVE OFFICER.

Copy of the Report dated 7--9--1954 from the Senior Inspector of Cooperative Societies, Karkal.

Sub: Cottage Industries--Karkal Town--Handicraft in Live Dorris--
Development of--help requested.

Ref: R.C.444/54 from the Asst.Project Officer, Karkal.

--

I submit that in Karkal Town handicrafts in Live Dorris is carried on by some people who earn their living out of this.

Live Dorris are made from yarn by weaving and twisting through hand and crude machines, similar to Handloom cloth weaving. These are mainly meant for bullocks and cart animals and there is a great demand for this in Karkal, Mangalore, Udipi and all other places. About 10 to 15 persons are working in this line and they are all quite poor and lead only a hand to mouth existence.

A meeting of these workers was called on 1-9-54 and ways of development and help were discussed. At present they prepare few products and sell the same on the very same day to merchants and other buyers to get their daily wages and purchase the yarn for the next day. A small scheme for training more persons for this work was discussed and they have agreed for the same if som help is given to them from the Community Project.

A cooperative society for these 10 to 15 persons is quite an impossible thing. Collection of share capital and getting the required number of persons for membership is quite difficult. The only way is to give them some direct help if possible so that the industry can be developed and made useful to the workers who depend upon it.

I submit that some cash help can be given to these workers for purchasing their country machines and other raw materials to carry on the industry. It is enough it the help is given once. Then they will carry on their work themselves. A cash help of Rs.50/- for each worker towards purchase of machines and equipment may be given.

The following are the important workers who are engaged in the work at present.

1. M.K.Abdul Kareem	- 58.
2. Fathamabibi.	- 40
3. Zulaikabibi.	26
4. Thahirabibi.	23
5. Sarambibi.	32
6. Khairambibi.	32
7. Jorambibi.	11
8. Jailambibi.	26
9. Jabedabibi.	12
10. Becnabibi.	30

An association of these workers has been formed with Mr.M.K.Abdul Kareem, as the President. All the work and help can be given through this gentleman and he has assured proper work and utilization of the help.

Sir,

ASSISTANT SECRETARY TO GOVERNMENT (RURAL DEVELOPMENT PROJECTS), PUBLIC 7 NOV 1954

Sub: Community Projects - South Kanara - Karkal Town - improvements to Live Korri industry - certain aid proposals.

Ref: Government Endt.No.1991-Sub (R.D.I.Sn)/54-1, dated

The Project Executive Officer, South Kanara, Mangalore recommended a grant of Rs.200/- to the workers engaged in live korri weav Karkal town of South Kanara District with a view to enable them to earn t minimum wages required for their daily existence. It is stated that the are about 10 important workers engaged in the industry and that the prosp of organising a co-operative society for these 10 to 15 workers is an impo lity. The report submitted by the Asst. Project Officer, Karkal indicate the sum of Rs.200 will be utilised for the purchase of 2 twisting machine 2 charkas and purchase of yarn required for one worker. I agree to the p of the Project Executive Officer, South Kanara that the poor korri weaver Karkal may be given financial assistance but I consider that twisting mac may not be sufficient for all the 10 workers engaged in the industry. No a beginning can be made by sanctioning the sum of Rs.200 as proposed by Project Executive Officer, Mangalore. After watching the progress made the of providing charkas and twisting machines for each worker may be conside

The Project Executive Officer, South Kanara may himself the equipments from the funds allotted for the development of cottage ind in community projects and supply the equipments to the workers after obta an undertaking from them that these equipments will continue to be the pr of Government and that they will utilise the same only for the work in wh they are directly engaged.
